

MENNA NAEM

NEW CAIRO, EGYPT

+201228136363 # AA.MENNAA@OUTLOOK.COM

Summary

Dedicated computer science and engineering student at the German University in Cairo (GUC) with a keen interest in web development. I'm looking to apply my strong critical thinking, analytical, and multitasking skills to excel in a Software developer role at your company. Frequently praised for my determination and collaborative nature, I bring a creative edge to help your company achieve its goals and mission.

Skill Highlights

- React JS
- Node JS
- MERN stack
- Java
- SQL
- HTML, CSS, and JavaScript
- Python

Experience

Software Diploma (Full Stack Web Development Track - 10/2023 to Present Siemens Digital Industries Software, Egypt

- Progressing through the Full Stack Web Development and gaining expertise in User Experience (UX) Design principles and practices to create user-centric web applications.
- Skilled in handling performance and memory problems, including memory architecture, memory regions, and data storage.
- Deep understanding of memory-related language differences, OOP concepts, and best practices in software development.

Data Structures and Algorithms Junior Teaching Assistant - 10/2022 to 01/2023 German University in Cairo (GUC), Egypt

- Assisted with teaching and mentoring students in the course of Data Structures and Algorithms.
- Demonstrated strong knowledge of Data Structures and Algorithms concepts, techniques, and implementations in Java.
- Helped students develop critical thinking and problem-solving skills related to the subject matter.

Front-end Web Developer Intern - 09/2022 to 10/2022 Information Technology Institute (ITI), Egypt

- Created and implemented an e-commerce website using React JS.
- Demonstrated a strong understanding of HTML, CSS, and JavaScript, as well as React JS and related tools and frameworks.
- Learned and implement the basics of web design.

Software Project Management Intern – 07/2022-09/2022 National Bank of Egypt (NBE), Egypt

- Worked closely with project managers and engineers to ensure software projects' needs were fulfilled.
- Implemented front-end skills to improve the bank's website and suggest new features to reach the bank's digitalization goals.
